PETITION UNDER 37 CFR 1.137(b) FOR REVIVAL OF AN UNINTENTIONALLY
ABANDONED INTERNATIONAL PATENT APPLICATION
DESIGNATING THE U.S.

Attention: PCT Legal Staff
Box PCT
Assistant Commissioner for Patents
Washington, D.C. 20231

On July 22, 2002, Applicant filed a petition under 37 CFR 1.181 to withdraw a holding of abandonment. Along with the 1.181 petition, Applicant enclosed, among other documents, a copy of a Notification of Missing Requirements, a copy of a translation of the application in English, and a signed and dated copy of a Response to the Notification of Missing Requirements. The Response included an authorization to charge Applicant's deposit account processing fees associated with filing the translation after 30 months from the priority date. Applicant's 1.181 petition contended that these documents constituted a complete reply to the Notification of Missing Requirements and were filed within the time period set forth in the Notification of Missing Requirements. To help

demonstrate that the reply was timely, Applicant included a copy of a return postcard that was stamped “Rec’d PCT/PTO 19 FEB 2002.”

In a subsequent Decision on the Request for Withdrawal of Abandonment under 37 CFR 1.181, mailed February 4, 2003, the Patent Office held that the above-identified application was properly abandoned and dismissed Applicant’s petition under 37 CFR 1.181 without prejudice. The Patent Office concluded that the return postcard could not serve as *prima facie* evidence that the Patent Office had received the English language translation of the application on the stamped received date, February 19, 2002, because the postcard did not separately identify the English translation of the application. Instead, the Decision held that the Patent Office effectively received the English language translation of the application on July 22, 2002—the date the Patent Office received Applicant’s 1.181 petition. Thus, according to the Decision, the above-referenced application became abandoned on April 4, 2002.

The Decision set a two-month period for reply from the mailing date of February 4, 2003, making any response by Applicant due on or before April 4, 2003. This petition to revive an unintentionally abandoned application for patent under 37 CFR 1.137(b) is being filed on April 2, 2003, within the time period set forth in the Decision.

Applicant hereby petitions for revival of the above-identified application. The following items are required for a grantable petition under 37 CFR 1.137(b):

- (1) Petition fee;
- (2) Proper reply;
- (3) Terminal disclaimer with disclaimer fee—required for all international applications having an international filing date before June 8, 1995; and a
- (4) Statement that the entire delay was unintentional.

With regard to each of the enumerated items:

1. Petition fee. Applicant has enclosed a Fee Transmittal for FY 2003 authorizing the Patent Office to charge Applicant's deposit account \$ 1,300, the petition fee for a non-small entity set forth in 37 CFR 1.17(m).
2. Proper Reply. As indicated above, Applicant filed a proper reply in the form of a translation of the application into English and processing fee in response to a Notification of Missing Requirements Under 35 U.S.C. 371(c) on July 22, 2002.
3. Terminal disclaimer with disclaimer fee. Since this international application has an international filing date after June 8, 1995, no terminal disclaimer is required.
4. Statement. The entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional.

Applicant believes that any fees associated with the filing of the present petition have been identified in the fee transmittal that accompanies this paper. However, if any additional fees are required in connection with the filing of this petition, and such fees have not been identified in the accompanying fee transmittal, please charge deposit account number 23-0455.

Respectfully submitted,
